Important information about your plan

The table of benefits included here is to be read in conjunction with your membership handbook which sets out the contractual agreement and rules of your scheme.

1. How claims affect your benefit limits.

Benefit values are reduced each time you claim only by the net amount (Invoice value less any deductible, excess, co-insurance or ineligible treatment) we have actually paid. In applying deductibles and co-insurance (the percentage of eligible benefit payable by the member) we will subtract the deductible first and then apply the co-insurance to the balance of eligible benefit remaining.

Please note: when a benefit is shown as 'covered up to the policy limit' all related sub-limits such as those applicable to pre-existing conditions will apply in any event. Full policy terms and conditions apply at all times.

'Reasonable & Customary' explained.

All benefits are subject to assessment on the basis of what is reasonable and customary (R&C). By this we mean that all eligible expenses will be reimbursed based on a value equivalent to the average of our negotiated, discounted, cost for that treatment within the network shown for your plan. Outside the A.G.C.C. eligible expenses incurred will be reimbursed based on the average negotiated, discounted cost for that treatment within our global network for that country.

Where no such arrangement exists in a country, we will use the average of similar costs we have most recently incurred and accepted in that area. Our network R&C assessment will apply even when the treating medical practitioner refers you for treatment outside our network if that treatment would have been available within our network. Reasonable and customary will apply in any event. If in doubt please contact us before receiving treatment.

Why you must contact us before receiving treatment.

We require you to contact us before receiving any planned admission and some major out-patient treatment. This allows us to help you in a number of ways: by managing your admission and billing, by confirming to you and whoever is giving you treatment that your claim will be eligible, at what cost and for how long treatment is approved. If you do not contact us it is possible that you will have to pay for all or part of your treatment.

Why you must identify yourself as an AXA member.

Prior to receiving treatment anywhere you must identify yourself and your eligibility for discounts by showing your AXA medical ID Card, together with a recognized official form of identification, such as a passport, to any provider to show that you are an insured member of an AXA insurance policy.

Failure to ensure that the provider recognizes your entitlement to our discounted services may result in the member being required to pay any difference between the invoice value and our negotiated price.

Please note: that AXA Insurance reserves the right to recover from the member any ineligible expenses it has incurred on behalf of that insured member under one of its policies.

What you're covered for:

Please note: the benefits shown are for each member each year unless otherwise specified

2. Area of cover	Worldwide	We will pay up to the maximum shown for each member each policy year. All benefits paid during the policy period will count against this yearly maximum.
3. Yearly Maximum	Dhs 10,000,000	
4. Outside area of cover for emergency treatment only	Not required for worldwide cover	<p>This is to cover emergency treatment, or treatment of a medical condition which arises suddenly whilst outside the member's area of cover. We will, in consultation with the treating practitioner, retain the right to determine what constitutes 'emergency' treatment. This benefit does not provide cover for treatment for any condition if you have travelled outside your area of cover to get treatment (whether or not that was the only reason) or for any treatment which was, or may have reasonably been known about, before travel commenced.</p> <p>Under no circumstance will benefit be payable for any aspect of pregnancy or childbirth.</p>

In-patient and daycare Treatment

5. By in-patient treatment, we mean treatment at a hospital where the member has to stay in a hospital bed for one or more nights. By Daycare treatment, we mean treatment at a hospital, daycare unit, or out-patient clinic where the member requires a procedure, eligible for benefit, necessitating admission to a hospital bed but not requiring an overnight stay. Subject to the limits shown for your plan you are covered for hospital charges incurred for eligible treatment given between admission and discharge such as:
- charges for accommodation
 - diagnostic procedures
 - operating theatre charges
 - nursing care, drugs and dressings
 - surgical appliances used by the medical practitioner during surgery except external prosthesis or appliances
 - surgeon's and anaesthetist's charges including pre- and post- operative consultations
 - intensive care unit charges
 - consultations and physiotherapy while admitted for treatment of a medical condition and when such treatment directly relates to it
 - radiotherapy and chemotherapy
 - computerized tomography, magnetic resonance imaging, x-rays and other such proven medical imaging techniques.

Please note: All non-emergency admissions require our written pre-approval before admission. The approval we give to the provider for eligible treatment will indicate the amount which is reasonable and customary for the proposed treatment and the anticipated length of stay.

6. Daily accommodation charges	Included	By "accommodation", we mean a private, single-bedded, room with its own bathroom.
--------------------------------	----------	---

What you're covered for: continued		
7. Parent accommodation	Dhs 1,000 per night	We will pay when the child member is under 18 years old and treatment is received within your area of cover. This is paid from the child's benefit. This will include charges for room/bed in same premises while accompanying the child who is covered under the Policy.
8. Accommodation of an accompanying person	Dhs 100 per day	This is payable for accommodation of an accompanying person in the same room in cases of critical conditions and as per the recommendation of attending physician, subject to prior approval
9. Cash benefit	Dhs 1,000 per night	This is payable for in-patient treatment only when the member receives treatment, within the area of cover, absolutely free of charge. No other benefit will be payable in respect of the period for which the cash benefit has been claimed.
10. In-patient Direct Billing	Included	All non-emergency in-patient treatment must be approved by us, in writing, prior to admission. You can take advantage of direct billing facilities for eligible in-patient care within our global network. Please note: Prior to receiving treatment anywhere you must identify yourself and your eligibility for discounts by showing your AXA medical ID Card, together with a recognized official form of identification, such as a passport, to any provider to show that you are an insured member of an AXA insurance policy. Failure to ensure that the provider recognizes your entitlement to our discounted services may result in the member being required to pay any difference between the invoice value and our negotiated price.
11. Applicable in-patient direct billing network	STAR Plus & International Directory of Hospitals	Please note that AXA Insurance reserves the right to recover from the member any ineligible expenses it has incurred on behalf of that insured member under one of its policies.
Out-patient Treatment		
12. Out-patient treatment is a treatment given by a medical practitioner at an out-patient clinic, a medical practitioner's consulting room or in a hospital where the member is not admitted to a bed. You are covered, subject to the limits shown, for:		
<ul style="list-style-type: none"> ■ medical practitioner charges for consultations ■ diagnostic procedures ■ prescriptions (note: any prescribed drug or other medication required for more than 30 days must be approved by us) ■ physiotherapy received as an out-patient (this is subject to our written pre-approval) ■ CT and MRI, PET and Gait Scans and internal diagnostics received as an out-patient (this is subject to our written pre-approval) ■ radiotherapy and chemotherapy received as an out-patient (this is subject to our written pre-approval) ■ surgical procedures received as an out-patient (this is subject to our written pre-approval).
