Fees & Charges

January 2021

Contents

Section 1 - Fees & Charges..... 1 - 4
Section 2 - Additional Notes..... 5

This document forms part of the IVCM (Gibraltar) Retirement Annuity Trust Client Terms and Conditions and is therefore legally binding.

If you do not understand any part of this document then you should consult your Financial Adviser before proceeding further.

This Schedule of Fees and Charges should be read in conjunction with the IVCM (Gibraltar) Retirement Annuity Trust:

- Terms & Conditions
- Deed & Rules
- Key Features

Any increases in our charges will not increase our profit margins on the Gibraltar QROPS product above reasonable levels. We may introduce new charges:

- a. for new options or services;
- b. for additional administration costs imposed on us or which we could not have reasonably anticipated at the start of the plan; or
- c. to make reasonable adjustment to set an appropriate level of charges for customers who are using different services with the Gibraltar QROPS product.

Where, as a result of a review, we increase the charges described in this document or add new ones to cover additional administration costs, we will give you sufficient notice before the changes take effect.

Financial Adviser Charges

Your Financial Adviser may levy a charge for initial or on-going advice in relation to the establishment or management of your IVCM QROPS. These charges should be agreed with your Financial Adviser in advance and it is your responsibility to clearly do so within the Application Form.

Please ensure that you have discussed these fees with your Financial Adviser and that they are fully understood. Any Adviser Charge you instruct us to pay should relate to advice or services provided to you by your Financial Adviser solely in connection to your Gibraltar QROPS and no other financial planning or products.

Giblite less than £100,000

Notes to Gibraltar QROPS

Schedule of Fees and Charges

2

- 1.** The Custody Set-Up Fee covers the opening of an IVCM (Gibraltar) Retirement Annuity Trust Plan as well as the operating bank account.
- 2.** The Custody Ongoing Fee is charged on establishment and then annually in advance thereafter. It covers the back office administration of the QROPS, such as fulfilling all regulatory requirements and record keeping. The cost of valuing your fund for providing statements is incorporated into the fee. It also covers the processing of personal and company contributions (except 'in-specie' contributions). The Custody Ongoing Fee is payable in advance for the forthcoming 12 months. In order to make sure the fee is paid we do insist sufficient cash is left in the operating bank account to cover the fees. We retain the right to encash assets in order to cover our fees if necessary. There is no refund of any part of the Custody Ongoing Fee in the event a transfer out is made, thereby exhausting the QROPS, mid-way through any chargeable 12-month period.
- 3.** This fee will apply where fees are not settled within 60 days of the date of invoice, either by the creation of liquidity from within the Pension Scheme or by payment directly to IVCM Pensions.
- 4.** This fee will apply where an offshore bond, or similar investment platform, contains a gated or suspended asset. An asset is considered gated when it cannot be sold due to a lack of liquidity. The fee is payable annually in advance.
- 5.** This fee covers the cost of purchasing non-standard assets directly, such as third party loans and unregulated collectives. The fee is payable annually in advance.
- 6.** Based on the complexity of any work conducted we may levy additional time costs. These will be notified in advance, and the work will only be performed with approval.
- 7.** We review our fees on an annual basis. We may increase fees in line with a suitable inflation index. There are a number of other circumstances that could lead to an increase in any of the fees associated with the custody of off platform assets. These could be related to tax rules, legislation or regulatory changes, increase in staff or overhead costs (which are reasonable in amount and reasonably incurred) and the costs of using third parties increase. IVCM Trustees (Gibraltar) Ltd reserves the right to amend the terms and conditions of this agreement giving 28 days notice to the Member or along with a review of the Schedule of Charges taking place on 31 December each year. We will notify you and your Adviser of any amendment or increase in our fees at least 28 days prior to the change between each of the initial Custody Set-Up Fees, but not refunded for downgrading.
- 8.** A Specially Designated Charging Structure may be available if previously agreed by IVCM Pensions in relation to a particular investment strategy.
