## WE MAKE YOUR WEALTH MANAGEABLE FROM NEAR OR FAR

---

We make it easy for you to access our services and your money irrespective of where you are based in the world. If you are looking for high quality, flexible banking or investment services, our award-winning Focus service will make perfect sense.

## FOCUS – A SINGLE POINT OF CONTACT

---

Integrating your banking and investment needs within Focus gives you a single point of contact across a vast range of financial services. Focus combines banking, discretionary and execution-only investment dealing and settlement services into a seamless, cost-effective package which will save you time and simplify your administration.

The ability to transact over the telephone makes banking and investment dealing effortless. Multiple transactions, ranging from internal account transfers through multi-currency transactions to investment dealing, can all be completed simultaneously without the need for numerous phone calls to different providers. In addition, if you prefer to transact online, we can also provide an online banking option, offering the freedom to keep track of your finances around the clock from anywhere in the world.

An all-in-one summary report, in the currency of your choice, provides a concise, consolidated overview of your assets, supported by a detailed statement of all cash and investment transactions.

The foundation and overall structure of your financial affairs, along with your personal preferences, will determine the best way to meet your financial management requirements. We offer an objective view and our experienced relationship managers will work with you to understand your specific needs and goals before recommending the most appropriate solution. Whether income or growth, domestic or global, our Focus services can be tailored around your personal circumstances to meet your specific financial needs. And if your requirements change, your Focus account has the flexibility to change too.

## WHAT USE IS MONEY IF YOU CAN'T USE IT?

---

Allowing for adequate available cash cannot be overlooked when making financial decisions. Nedbank Private Wealth's approach enables you to structure your finances to meet your day-to-day cash needs.

Focus offers an extensive range of banking services including foreign exchange; current accounts in any of the world's leading currencies; versatile Platinum Visa cards in any, or all, of the three major currencies (sterling, US dollars and euro); fixed term and structured deposits. We take a flexible approach to lending that can be secured against a range of assets, including investment holdings and property in the British Isles.

## INTEGRATED INVESTMENT OPPORTUNITIES

---

We offer a comprehensive range of investment services ranging from full execution-only services, if you wish to retain control of your own portfolio management, through to discretionary managed investment portfolios where we, or your chosen professional adviser, will take responsibility for the management of your wealth. More details on our investment services can be found in our separate Wealth Management brochure.

Please remember that with any investment service the value of your investments and the income from them can fall as well as rise and you may not get back the original amount invested. Exchange rate changes may affect the value of investments. Past performance is not necessarily a guide to future performance.

## ONLINE ACCESS FROM ANYWHERE IN THE WORLD

---

With Focus your online statements provide real time access so all banking and investment transactions can be seen as they are processed. International stock prices (mid-market) of your holdings on the world's major trading exchanges are updated daily, where available. Internet banking also makes transfers and payments quick and easy, with mobile phone authentication ensuring complete security. To view a demonstration of our online service, visit [www.nedbankprivatewealth.com](http://www.nedbankprivatewealth.com) and click on the 'Online Demo' link on the Login page.

## YOUR FINANCES IN FOCUS

---

Focus is designed for those with a minimum initial combination in cash and investments of £50,000, US\$75,000 or €75,000, of which at least £5,000 (or currency equivalent) must be in cash.

You will receive clear and concise statements, showing details of any banking and investment transactions you have made.

Full details on the wide range of banking services available within Focus can be found in the information leaflets at the back of this brochure.

Our banking services include:

- Multi-currency current accounts
- Platinum Visa cards
- Fixed term deposit services
- Accumulation accounts (Isle of Man and Jersey accountholders only)
- Foreign exchange services
- A flexible approach to lending
- Structured deposits
