PRIVATE WEALTH

SINCE 1834

OUR COMMITMENT TO YOU

- We will never target our staff to sell specific products.
- We will continue to develop our award-winning, multi-currency products and services to meet your requirements. We are not restricted to our own group services and are able to source any product from the marketplace to best suit your needs.
- We will always treat you as an individual and act in your best interests, offering only transparently priced products and services to match your requirements.
- We will never seek to improve profits by using your deposits to carry out investments we do not fully understand.
- You will be greeted with a human voice at the end of the telephone and 99% of the time your call will be answered within three rings (8am to 8pm UK time).
- We will not pass you from person to person as our experienced and fully qualified team are able to answer any questions you may have about our award-winning services.
- We value our staff and work hard to retain their motivation and commitment. We have a loyal team with low staff turnover so you will be able to speak with the same people over the years. You can even call their direct lines.
- We are here to make your life easier and to assist you in meeting your financial needs. Our primary role is to become your trusted adviser and provide objective guidance, product and service excellence.
- We will always seek to deliver unmatched service and tailored solutions, and will strive to serve you better than any other financial services organisation.
