2. RISK ACKNOWLEDGEMENT

2.1 The Client acknowledges, recognises and understands that trading and investments in leveraged as well as non-leveraged Contracts is:

- i highly speculative;
- ii may involve an extreme degree of risk; and
- iii is appropriate only for persons who, if they trade on margin, can assume risk of loss in excess of their margin deposit.

2.2 The Client acknowledges, recognizes and understands that:

- i because of the low margin normally required in Margin Trades, price changes in the underlying asset may result in significant losses, which may substantially exceed the Client's investment and margin deposit;
- ii when the Client directs Saxo Bank to enter into any transaction, any profit or loss arising as a result of a fluctuation in the value of the asset or the underlying asset will be entirely for the Client's account and risk;
- iii the Client warrants that the Client is willing and able, financially and otherwise, to assume the risk of trading in speculative investments;
- iv the Client agrees not to hold Saxo Bank responsible for losses incurred as a consequence of Saxo Bank carrying the Client's account and following its recommendations or suggestions or those of its employees, associates or representatives, unless Saxo Bank has exercised gross negligence in connection herewith;
- v the Client is aware of the fact that unless it is otherwise specifically agreed, Saxo Bank shall not conduct any continuous monitoring of the transactions already entered into by the Client neither individually nor manually. Hence, Saxo Bank cannot be held responsible for the transactions developing differently from what the Client might have presup-

posed and/or to the disadvantage of the Client;

- vi the Client accepts that guarantees of profit or freedom from loss are impossible in investment trading; and
- vii the Client accepts that the Client has received no such guarantees or similar representations from Saxo Bank, from an Introducing Broker, or representatives hereof or any other entity with whom the Client is conducting a Saxo Bank account.

3. CLIENT CLASSIFICATION

3.1 In compliance with the European Directive 2004/39/EC of 21 April 2004 on markets in financial instruments (MiFID) and with the implementation into Danish legislation (Bekendtgørelse om værdipapirhandleres udførelse of ordrer), Saxo Bank classifies its Clients in three main categories: Eligible Counterparties (ECPs), Professional Clients and Retail Clients.

3.2 Saxo Bank attaches different levels of regulatory protection to each category and hence to Clients within each category. In particular, Retail Clients are afforded the most regulatory protection; Professional Clients and ECPs are considered to be more experienced, knowledgeable and sophisticated and able to assess their own risk and are thus afforded fewer regulatory protections.

3.3 Saxo Bank offers its Clients the possibility to request reclassification online and thus to increase or decrease the level of regulatory protections afforded. Where a Client requests a different categorisation (either on an overall level or on a product level), the Client needs to meet certain specified quantitative and qualitative criteria.

3.4 On the basis of the Client's request, Saxo Bank undertakes an adequate assessment of the expertise, experience and knowledge of the Client to give reasonable assurance, in the light of the nature of transactions or services envisaged that the Client is capable of making his/her own investment decisions and understanding the risks involved. However, if the abovementioned criteria are not met, Saxo

Bank reserves the right to choose whether to provide services under the requested classification.

4. DELEGATED TRADE REPORTING

- 4.1 This section only applies to Clients domiciled in a country in the European Economic Area (EEA).
- 4.2 Unless otherwise agreed, Saxo Bank will on behalf of the Client report the entry into, modification and termination of all derivative transactions, between Saxo Bank and the Client, to a Trade Repository (Delegated Trade Reporting) as required by EMIR.
- 4.3 Correct performance of Delegated Trade Reporting is subject to the Client timely providing Saxo Bank with the Client's Legal Entity Identifier Code (LEI Code) and such other information as Saxo Bank requires from time-to-time.
- 4.4 Notwithstanding Delegated Trade Reporting performed by Saxo Bank, the Client remains legally responsible for reporting its own transactions. The Client is encouraged to request the Trade Repository for access to view all derivative transactions reported by Saxo Bank under Client's LEI code. The Client must notify Saxo Bank A/S immediately if the Client believes there are any inaccuracies in such reports.
- 4.5 The Client accepts and acknowledges that Saxo Bank is not in breach of any restrictions on disclosure of information imposed by any agreement or by any legislative, regulatory or administrative provisions when performing Delegated Trade Reporting.
- 4.6 Any loss or damage the Client may suffer as a consequence of Delegated Trade Reporting is subject to the terms and conditions of the General Business Terms including, but not limited to, the general liability limitation and governing law. Saxo Bank is under no circumstances, responsible for indirect loss or damage.
- 4.7 The Client can at any time, by giving Notice to Saxo Bank, chose to discontinue Delegated Trade Reporting. Saxo Bank may discontinue Delegated

Trade Reporting by giving not less than three months prior written notice to the Client.

- 4.8 No charge is levied by Saxo Bank in connection with Delegated Trade Reporting. However, Saxo Bank reserves the right to charge a fee for Delegated Trade Reporting and may exercise its right to do so on provision of two (2) months' notice to the Client.

 - iii Transactions in instruments which are: traded on exchanges which are not recognized or designated investment exchanges; and/or not traded on any stock or investment exchange; and/or not immediately and readily realisable.
- 5.3 Orders may be placed as market orders to buy or sell as soon as possible at the price obtainable in the market, or on selected products as limit and

stop orders to trade when the price reaches a pre-defined level. Limit orders to buy and stop orders to sell must be placed below the current market price, and limit orders to sell and stop orders to buy must be placed above the current market price. If the bid price for sell orders or ask price for buy orders is reached, the order will be filled as soon as possible at the price obtainable in the market. Limit and stop orders are executed consistent with "Saxo Bank's Best Execution Policy" and are not guaranteed executable at the specified price or amount, unless explicitly stated by Saxo Bank for the specific order. For further information on order types please refer to Saxo Bank's website.

5.4 In relation to any transaction or Contract, Saxo Bank will effect such transaction or Contract as Principal unless it is specifically agreed that Saxo Bank shall act as Agent for the Client.

5.5 The Client shall, unless otherwise agreed in writing, relative to Saxo Bank enter into Contracts as Principal. If the Client acts as Agent, regardless of whether the Client identifies the Principal to Saxo Bank, Saxo Bank shall not be obliged to accept the said Principal as a client, and consequently Saxo Bank shall be entitled to consider the Client as Principal in relation to the Contract.

5.6 When the Client enters into a Contract Option with Saxo Bank, Saxo Bank will act as counterparty to the Client. Saxo Bank will enter into a contract with a Counterparty which is identical in all respects to the contract between Saxo Bank and the Client. The Counterparty will in turn enter into a contract on the relevant exchange (unless Market Rules requires the Counterparty to act as Saxo Bank's agent in which case Saxo Bank will enter into a contract on the exchange). The Client is contracting with Saxo Bank and has no right of recourse against Saxo Bank's Counterparties or any right over contracts between Saxo Bank and its Counterparties.

5.7 In the event Saxo Bank provides advice, information or recommendations to the Client Saxo Bank shall not be responsible for the profitability of such advice, information or recommendation as further stipulated in Clause 22, and the Client acknowledges, recognizes and understands that:

- i All transactions in exchange-traded investments and many Contracts will be effected subject to, and in accordance with, Market Rules;
- ii Market Rules usually contain far-reaching powers in an emergency or otherwise undesirable situation;
- iii If any exchange or clearing house takes any action which affects a transaction or Contract, directly or indirectly, including any Contract Option, then Saxo Bank is entitled to take any action relevant to the situation and reasonable to the parties in the interests of the Client and/or Saxo Bank;
- iv Saxo Bank shall not be liable for any loss as further stipulated in Clause 23.3 and suffered by the Client as a result of the acts or omissions of any exchange or clearing house or any action reasonably taken by Saxo Bank as a result of such acts or omissions unless Saxo Bank has exercised gross negligence in connection hereby;
- v Where any transaction is effected by Saxo Bank as Agent for the Client, delivery or payment (as appropriate) by the other party to the transaction shall be at the Client's entire risk;
- vi Saxo Bank's obligation to deliver investments to the Client or to account to the Client or any other person on the Client's behalf for the proceeds of sale of investments shall be conditional upon receipt by Saxo Bank of deliverable documents or sale proceeds (as appropriate) from the other party or parties to the transaction;
- vii Saxo Bank may in whole or in part, on a permanent or temporary basis withdraw any account facility provided by Saxo Bank to the Client. Situations where Saxo Bank may take such action include situations where:
 - i Saxo Bank considers that the Client may be in possession of Inside Information;
 - ii Saxo Bank considers that there are abnormal trading conditions; or
 - iii Saxo Bank is unable to calculate prices in the relevant Contract due to the unavailability of the relevant market information.

Saxo Bank informs the Client of the withdrawal and the reasons for it, where possible, before the withdrawal and if this is not possi-

ble immediately thereafter, unless giving such information would compromise objectively justified security reasons.

- 5.8 Trading in securities is subject to the Danish Executive Act on Investor Protection. Saxo Bank does not undertake any obligation to provide individual advice, information or recommendation in respect of financial products not regulated by said Executive Act.
- 5.9 Normally Saxo Bank shall not provide any advice to the Client on any tax issues related to any Services. The Client is advised to obtain individual independent counsel from its financial advisor, auditor or legal counsel with respect to tax implications of the respective Services.
- 5.10 Notwithstanding any other provision of the Terms, in providing its Services, Saxo Bank shall be entitled to take any action considered necessary and reasonable to ensure compliance with the Market Rules and all other applicable laws and regulatory decisions.

6. DEALINGS BETWEEN SAXO BANK AND THE CLIENT

- 6.1 The Client may provide Saxo Bank with oral or written instructions (which shall include instructions provided via the internet or by e-mail as described below). Saxo Bank shall acknowledge the reception of the instructions orally or in writing, as appropriate.
- 6.2 The Client shall inform Saxo Bank in writing of the persons the Client has granted a Power of Attorney to instruct Saxo Bank on behalf of the Client. For practical reasons, Saxo Bank can only undertake to register one Power of Attorney for the Client. If the Client at any time wishes to revoke such a Power of Attorney, to change the extent of the Power of Attorney, or grant Power of Attorney to a different person this shall also be informed to Saxo Bank in writing. Saxo Bank is in accordance with general rules regarding Power of Attorneys entitled to receive instructions from any person authorised by the Client as well as persons who appear authorised.

6.3 In addition to the terms listed on Saxo Bank's website (i.e. the Business Terms for Securities Trading, the Business Terms for Custody Management, the Business Terms for International Transfer of Funds as well as the Conflict of Interest Policy and the Best Execution Policy) and the terms stated in Section 7 regarding the Trading Platform, the following terms apply to Contracts executed on the internet:

- i Saxo Bank shall not undertake the risk towards Clients for any loss, expense, cost or liability suffered or incurred by the Client due to failure of the system, transmission failure or delays or similar technical errors unless Saxo Bank has exercised gross negligence in connection herewith, notwithstanding Clause 7.9;
- ii Saxo Bank may offer real-time tradable prices to the Client. Due to delayed transmission between the Client and Saxo Bank the price offered by Saxo Bank may have changed before an order from the Client is received by Saxo Bank. If automatic order execution is offered to the Client, Saxo Bank shall be entitled to change the price on which the Client's order is executed to the market value at the time at which the order from the Client was received;
- iii Prices offered by Saxo Bank regarding the sale, purchase or exercise of Contract Options reflect the price of the relevant exchange traded product. Due to delays from the Client's execution of an order or instruction regarding a Contract Option to the execution of the relevant exchange traded product on the exchange, the price as listed on the Trading Platform is subject to change, in order for the Contract Option to reflect the price of the relevant exchange traded product at the time of its execution or exercise (as applicable);
- iv The Trading Platform may be available in several versions, which may be differentiated in various aspects including, but not limited to the level of security applied, products and services available etc. Saxo Bank shall not be liable to the Client for any loss, expense, cost or liability suffered or incurred by the Client due to the Client using a version different from Saxo Bank's standard version with all available updates installed;

- v The Client shall be responsible for all orders, and for the accuracy of all information, sent via the internet using the Client's name, password or any other personal identification means implemented to identify the Client;
 - vi The Client is obliged to keep passwords secret and ensure that third parties do not obtain access to the Client's trading facilities;
 - vii If the Trading Platform is used for Commercial use the Client is liable to Saxo Bank for Contracts executed by use of the Client's password even if such use might be wrongful;
 - viii Regardless of the fact that the Trading Platform might confirm that a Contract is executed immediately when the Client transmits instructions via the Trading Platform, it is the Settlement/Trade Confirmation forwarded by Saxo Bank or made available to the Client on the Trading Platform which solely constitutes Saxo Bank's confirmation of execution.
- 6.4 Any instruction sent via the Trading Platform or by e-mail by the Client shall only be deemed to have been received and shall only then constitute a valid instruction and/or binding Contract between Saxo Bank and the Client when such instruction has been recorded as executed by Saxo Bank and confirmed by Saxo Bank to the Client through the Settlement/Trade Confirmation and/or Account Statement, and the mere transmission of an instruction by the Client shall not constitute a binding Contract between Saxo Bank and the Client.
- 6.5 The Client shall promptly give any instructions to Saxo Bank, which Saxo Bank may require. If the Client does not give such instructions promptly, Saxo Bank may, at its reasonable discretion, take such steps at the Client's cost, as Saxo Bank considers necessary or desirable for its own protection or the protection of the Client. This provision is similarly applicable in situations when Saxo Bank is unable to obtain contact with the Client.
- 6.6 If the Client does not provide Saxo Bank with notice of its intention to exercise an option, a Contract Option or another Contract which requires an instruction from the Client at the time stipulated by Saxo Bank, Saxo Bank may treat the option or Contract as abandoned by the Client. If the Client wishes to exercise an option, Contract Option or another Contract, the Client must provide Saxo Bank with notice thereof in reasonable time (and within applicable cut-off times) for Saxo Bank to exercise the corresponding right under any contract equivalent to the Contract Option that Saxo Bank has entered into with any Counterparty. Contract Options (put and call) that close one tick or more in the money on the last trading day will automatically be exercised, regardless of whether the Client has purchased or sold the Contract Option. The Client cannot instruct Saxo Bank not to exercise Contract Options that are in the money at expiry, and cannot at any time instruct Saxo Bank to exercise Contract Options that are out of the money.
- 6.7 Saxo Bank applies a random method of assignment among its Clients' Contract Options when Saxo Bank is notified by its Counterparties that one or more short option positions have been assigned. Saxo Bank's allocation method randomly selects short Contract Options among all Saxo Bank's Clients' positions, including Contract Options opened immediately prior to the assignment. All short Contract Options are liable for assignment at any time. If a short Contract Option is assigned, the Client is obliged, within the applicable time of delivery, to deliver the relevant amount of cash or assets in the case of a call Contract Option and the relevant amount of cash in the case of a put Contract Option, to effect settlement.
- 6.8 Saxo Bank may (but shall not under any circumstances be obliged to) require confirmation in such form as Saxo Bank may reasonably request if an instruction is to close an Account or remit money due to the Client or if it appears to Saxo Bank that such confirmation is necessary or desirable.
- 6.9 Pursuant to general rules regarding power of attorney the Client is accountable to Saxo Bank for losses which Saxo Bank may suffer as a result of instructions from a person who has explicitly or tacit power of attorney to give Saxo Bank instructions on behalf of the Client.
- 6.10 Saxo Bank may refuse to act upon any instruction from any person authorised by the Client if Saxo Bank can render probable that the disposal pursuant to the instruction submitted would be in viola-

tion of the legislation relevant to the area, usual market practice, including but not limited to legislation on money laundering or insider trading, or if the disposal by Saxo Bank's reasonable discretion will put the Clients and/or the bank's economic solidity at risk.

6.11 In general, Saxo Bank shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistent with the bank's Best Execution Policy. However if, after instructions are received, Saxo Bank believes that it is not reasonably practicable to act upon such instructions within a reasonable time, Saxo Bank may defer acting upon those instructions until it is, in Saxo Bank's reasonable opinion, practicable to do so or as soon as possible notify the Client that Saxo Bank is refusing to act upon such instructions.

6.12 It is possible that errors may occur in the prices of transactions quoted by Saxo Bank. In such circumstances, without prejudice to any rights it may have under Danish law, Saxo Bank shall not be bound by any Contract which purports to have been made (whether or not confirmed by Saxo Bank) at a price which:

- i Saxo Bank is able to substantiate to the Client was manifestly incorrect at the time of the transaction; or
- ii was, or ought to have reasonably been known by the Client to be incorrect at the time of the transaction.

In which case Saxo Bank reserves the right to either 1) cancel the trade all together or 2) correct the erroneous price at which the trade was done to either the price at which Saxo Bank hedged the trade or alternatively to the historic correct market price.

6.13 Trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping") are not accepted by Saxo Bank. Provided that Saxo Bank can document that there on the time of the conclusion of the trade were errors in prices, commissions, or in the Trading Platform, and provided Saxo Bank can render probable that the Client, based on its trading strategy or other provable behavior, delib-

erate and/or systematically has exploited or attempted to exploit such an error, Saxo Bank is entitled to take one or more of the following counter-measures:

- i adjust the price spreads available to the Client;
- ii restrict the Client's access to streaming, instantly tradable quotes, including providing manual quotation only;
- iii retrieve from the Client's account any historic trading profits that Saxo Bank can document have been gained through such abuse of liquidity at any time during the client relationship; and/or
- iv terminate the client relationship immediately by giving written notice.

6.14 By accepting the Terms the Client authorizes Saxo Bank to register and keep register of the IP-addresses from which the Client logs into the Trading Platforms in order to prevent trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping"). These IP-addresses may be transferred to Saxo Bank Group companies in countries where data protection laws may not provide an equivalent level of protection to the laws of Denmark.

6.15 If the Client is more than one person (for example, joint accountholders):

- i the liabilities of each such person shall be direct, joint and several;
- ii Saxo Bank may act upon instructions received from any person who is, or appears to Saxo Bank to be, such a person, whether or not such person is an Authorised Person;
- iii any notice or other communication provided by Saxo Bank to one such person shall be deemed to have been provided to all such persons; and
- iv the rights of Saxo Bank under Clause 21 shall apply if an event described in Clause 21 shall be deemed to have occurred in respect of any one of such persons.

6.16 The Client agrees that Saxo Bank may record all telephone conversations, internet conversations (chat), and meetings between the Client and Saxo Bank and use such recordings, or transcripts from

such recordings, as evidence towards any party (including, but not limited to, any regulatory authority and/or court of law) to whom Saxo Bank at its reasonable discretion sees it to be desirable or necessary to disclose such information in any dispute or anticipated dispute between Saxo Bank and the Client. However, technical reasons may prevent Saxo Bank from recording a conversation, and recordings or transcripts made by Saxo Bank will be destroyed in accordance with Saxo Bank's normal practice. Consequently, the Client should not rely on such recordings to be available.

- 6.17 When the Client instructs Saxo Bank to enter into a position opposite to one or more of the Client's open positions, Saxo Bank will close out the opposite position in accordance with the FIFO principles unless the position has related orders or otherwise agreed.
- 6.18 The Client acknowledges that Saxo Bank has the right to, but not the obligation to close directly opposite positions. This applies not only when the positions are held on the same account, but also when they are held on separate accounts.
- 6.19 If the Client operates several Accounts (or sub-accounts) and opposite positions are opened on different Accounts (or sub-accounts), Saxo Bank shall not close out such positions. The Client is specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby consequently incur a cost for such roll-over.

7. SPECIAL NOTE ON THE USE OF THE TRADING PLATFORM

- 7.1 The technical requirements to which the Client's IT equipment, operating system, Internet connection etc. shall conform are described on Saxo Bank's website.
- 7.2 The Client shall enter his user ID and password when logging on to the Trading Platform. The Client should memorize the password. Entering an incorrect password five times in a row will automatically terminate the connection and block the user ID. Saxo Bank informs the Client of the termination/blocking and the reasons for it, where possible, before the termination/blocking and if this is

not possible immediately thereafter, unless giving such information would compromise objectively justified security reasons. The Client is obligated to notify Saxo Bank at telephone +45 39 77 40 01 without undue delay on becoming aware of unauthorised use of the Trading Platform, or if the Client suspects that the password has been misappropriated by a third party, the Client shall contact Saxo Bank at telephone +45 39 77 40 01 immediately to block his Trading Platform. The Client can then order a new password.

The Client is for a period of 18 months after notification entitled to request Saxo Bank to provide the Client with the means to prove that he made such notification.

- 7.3 The Client can block his Trading Platform at any time by contacting Saxo Bank at telephone +45 39 77 40 01. Blocking the Trading Platform prevents other persons from accessing it. Open orders and positions placed on the platform before the blocking will not be affected by the blocking unless the Client specifically requests so, and the Client is responsible for deciding about his positions.
- 7.4 The right to use the Trading Platform is personal, and the Client shall not allow other persons to use his user ID and/or his password. If the Client wants to allow a third party to trade on the Client's account, the Client shall issue a separate power of attorney to the relevant third party. The power of attorney shall be written on one of Saxo Bank's power of attorney forms. The issue of the power of attorney shall be approved by Saxo Bank. A personal user ID and password shall be provided to the holder of the power of attorney by Saxo Bank.
- 7.5 From the Trading Platform the Client can print reports on trading activities and his account balances.
- 7.6 Where the Client has placed an order which he subsequently regrets, the Client may request that the order be cancelled up until the time of execution. The Client is aware that Saxo Bank is under no obligation to cancel the order. A request for cancellation or an order can be made via the Trading Platform or by calling Saxo Bank Sales Trading. Requests concerning cancellation of orders generated when the margin is exceeded can only be made to

Saxo Bank Sales Trading. An order shall not be considered to be cancelled until the Client has received a written confirmation from Saxo Bank.

7.7 If the Trading Platform is used for Private Use, the following limitations on Client liability in case of abuse or other unauthorised use of the Trading Platform shall apply:

- i The Client has a deductible of up to DKK 1,100 for losses resulting from a third party's unauthorised use of the Trading Platform when the Client's user ID and password has been used.
- ii If Saxo Bank proves that:
 - the Client or a person to whom the holder has entrusted his user ID and/or his password, by grossly irresponsible conduct has made the unauthorised use by a third party possible, or
 - the Client or a person to whom the holder has entrusted his user ID and/or his password, has failed to inform Saxo Bank as soon as possible after having become aware that his user ID and/or his password has become known to an unauthorized third person, or
 - the unauthorized use is made by a person to whom the Client has disclosed the user ID and/or the password without the matter being covered by Clause iii, the Client shall be liable to the extent of up to DKK 8,000 for losses caused by unauthorized use of the Trading Platform.

- I. Initiate FIFO netting of positions by cancelling all or part of the Client's related orders, and/or

A message on the Client's account on the Trading Platform is considered received by the Client when Saxo Bank has placed the message on the Trading Platform. - 12.11 Furthermore, the Client acknowledges, recognizes and accepts that the procedures described in Clause 12 and Clause 15 may result in additional indirect costs for the Client.

13. INTEREST AND CURRENCY CONVERSIONS

- 13.1 Subject to the Clause 13.2 below and save as otherwise agreed in writing, Saxo Bank shall not be liable to:

Without limitation such Security shall comprise the credit balances on Accounts, the securities registered as belonging to the Client on Saxo Bank's books, and the value of the Client's open positions with Saxo Bank.

14.2 If the Client fails to fulfill any obligation under the Terms, Saxo Bank is entitled to sell any pledged Security immediately without any notice or court action. Such sale shall take place by the means that Saxo Bank in its reasonable discretion determines and at the price that Saxo Bank in its reasonable discretion determines to be the best obtainable.

15. NETTING AGREEMENT

15.1 If on any date the same amounts are payable under the Terms by each party to the other in the same currency, then, each party's obligations to make payment of any such amount will be automatically satisfied by netting. If the amounts are not in the same currency, the amounts are converted by Saxo Bank in accordance with the principles referred to in Clause 13.

15.2 If the aggregate amount that is payable by one party exceeds the aggregate amount that is payable by the other party, then the party by whom the larger aggregate amount is payable shall pay the excess to the other party and the obligations to make payment of each party will be satisfied and discharged.

15.3 If the Client, at any time during the Client relationship, has a negative cash-balance in any Account, Saxo Bank is entitled but not obligated to net between the Client's Accounts. The Client shall bear all the charges and any other costs associated with such netting in accordance with the Commissions, Charges & Margin Schedule.

15.4 If the Client relationship is terminated according to Clause 27, the claims that the parties have against each other shall be finally discharged by means of netting (closed). The value of open Contracts shall be determined according to the principles set forth below and the final amount to be paid by one of the parties shall be the difference between the payment obligations of the parties.

15.5 Rates based on which the Contracts shall be closed shall be market rates applicable on the day on which Saxo Bank decides to close the Contracts.

- 15.6 Saxo Bank may at its reasonable discretion determine the rates by obtaining an offer from a Market Maker in the asset in question or by applying rates from electronic financial information systems.
- 15.7 When determining the value of the Contracts to be netted, Saxo Bank shall apply its usual spreads and include all costs and other charges.
- 15.8 This netting agreement shall be binding towards the estate and creditors of the parties to the client relationship.

16. MARKET MAKING

- 16.1 When Saxo Bank executes orders as Agent for the Client on a recognized stock or futures exchange, Saxo Bank will not be a party to such a trade as such orders will be executed in the trading system of the relevant exchange at the best price and the most favourable conditions available at the time of the order or according to the Client's specific instructions, e.g. in a situation where the Client has chosen to limit the order. Saxo Bank will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Commissions, Charges & Margin Schedule.
- 16.2 The Client is specifically made aware that in certain markets, including the foreign exchange markets, OTC foreign exchange options and CFD Contracts, Saxo Bank may act as a Market Maker.
- 16.3 Saxo Bank will, upon the Client's written request, in general disclose to the Client whether Saxo Bank may act as a Market Maker in a certain instrument.
- 16.4 When acting as a Market Maker, Saxo Bank will under normal market circumstances quote the Client bid and ask prices.
- 16.5 In order for Saxo Bank to quote prices with the swiftness normally associated with speculative trading, Saxo Bank may have to rely on available price or availability information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from Counterparties. If so and if Saxo Bank has acted in good faith when providing the price to the Client, Saxo Bank may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.
- 16.6 The Client understands and accepts that Saxo Bank acts as a Market Maker and, therefore it may be necessary for Saxo Bank to manage its available liquidity by separating its clients into different liquidity pools where the pricing and available liquidity in each group may be independent of the other pools/groups. Liquidity separations can become relevant for clients whom, for example: have price agreements deviating from standard, use alternative trading tools (e.g. API), trade outside normal trading hours, trade in odd sizes, make frequent use of resting orders that can require manual attention, frequently transact in multiple products and/or asset classes, or have other similar features to their trading.
- 16.7 Following execution of any position with a Client, Saxo Bank may at Saxo Bank's reasonable discretion subsequently offset each such client position with another client position, or a position with one of Saxo Bank's Counterparties or retain a proprietary position in the market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in Saxo Bank offsetting client positions at prices different - sometimes significantly different - from prices quoted to clients, resulting in trading profits or losses for Saxo Bank. This in turn can raise the possibility of the Client incurring what may be seen as an implied cost (i.e. the difference between the price at which the Client traded with Saxo Bank and the price at which Saxo Bank subsequently traded with Counterparties and/or other clients) due to any profits realised by Saxo Bank as a result of the Market Making function. However the Market Making function may involve significant costs to Saxo Bank if the market moves against Saxo Bank as compared to the price at which Saxo Bank traded with the Client.
- 16.8 The Client accepts that Saxo Bank in such markets where Saxo Bank acts as Market Maker, may hold

positions that are contrary to positions of the Client, resulting in potential conflicts of interest between Saxo Bank and the Client, cf. Clause 18.

- 16.9 In markets, where Saxo Bank acts as a Market Maker, the Client accepts that Saxo Bank has no obligation to quote prices to clients at all times in any given market, nor to quote such prices to clients with a specific maximum spread.
- 16.10 In markets, where Saxo Bank acts as a Market Maker, Saxo Bank may or may not charge commissions. However, irrespective of whether or not Saxo Bank charges any commissions, the Client accepts that Saxo Bank will seek to make additional profits out of its performance as a Market Maker and the size of any such profits may be considerable if and when compared with the Client's margin deposit.
- 16.11 The Client acknowledges, recognizes and accepts that the price quoted to the Client includes a spread when compared with the price to which Saxo Bank may have covered or expected to be able to cover the Contract in a trade with another client or a Counterparty. Furthermore, the Client acknowledges, recognizes and accepts that said spread constitutes remuneration to Saxo Bank and that such spread not necessarily can be calculated for all Contracts and that such spread will not be specified at the Settlement/Trade Confirmation or otherwise revealed to the Client.
- 16.12 The Client acknowledges, recognizes and accepts that Saxo Bank quotes variable spreads on options. The Client is specifically made aware that variable option spreads are affected by actual market conditions, which are beyond Saxo Bank's control. Saxo Bank does not guarantee any maximum or minimum quotable option spreads.
- 16.13 Any commission costs, interest charges, costs associated to and included in the spreads quoted by Saxo Bank as a Market Maker in certain markets and other fees and charges will consequently influence the Client's trading result and will have a negative effect on the Client's trading performance compared to a situation if such commission costs, interest charges, costs associated to and included in the spreads did not apply.
- 16.14 Whilst dealing spreads and commissions are normally considered moderate seen in relation to the value of the assets traded, such costs may be considerable when compared with the Client's margin deposit. As a consequence thereof the Client's margin deposit may be depleted by trading losses that the Client may incur and by the directly visible dealing costs such as commissions, interest charges and brokerage fees as well as the said not visible costs for the Client, caused by Saxo Bank's performance as a Market Maker.
- 16.15 If the Client is an active trader and is undertaking numerous transactions, the total impact of as well visible as not visible costs may be significant. Consequently the Client may have to obtain significant profits in the markets in order to cover the costs associated with trading activities with Saxo Bank. For very active Clients, such costs may over time exceed the value of the margin deposited. Normally, when trading margined derivatives, the lower the percentage of the applicable margin rate, the higher the proportion of the costs associated with executing a transaction.
- 16.16 The Client is specifically made aware that in the area of market making in foreign exchange, OTC foreign exchange options, CFD Contracts and other OTC products, significant implied costs can arise as a consequence of the profits made by Saxo Bank performing in its capacity as a Market Maker.
- 16.17 Saxo Bank's performance as a Market Maker may negatively affect the Client's Account with Saxo Bank and the said implied costs are neither directly visible nor directly quantifiable for the Client at any time.
- 16.18 Saxo Bank is at no time obliged to disclose any details of its performance or income produced as a Market Maker or otherwise related to other commissions, charges and fees.
- 16.19 The Client is specifically made aware that CFD Contracts may be OTC products quoted by Saxo Bank whilst operating as a Market Maker and not traded on a recognized stock exchange. As a result, the description above of the implied, not visible costs related to Saxo Bank's performance as a Market Maker may also apply to any CFD Contract.

17. AGGREGATION AND SPLIT

17.1 Saxo Bank is in accordance with the bank's Best Execution Policy entitled to aggregate the Client's orders with the bank's own orders, orders of any of the bank's associates and/or persons connected with Saxo Bank including employees and other clients. Furthermore, Saxo Bank may split the Client's orders when executing these. The orders will only be aggregated or split if Saxo Bank reasonably believes it to be in the best interest of the Client. On some occasions aggregation and split of the Client's order may result in the Client obtaining a less favourable price than if the Client's orders had been executed respectively separately or mutually.

18. CONFLICTS OF INTEREST

18.1 Saxo Bank, its associates or other persons or companies connected with Saxo Bank may have an interest, relationship or arrangement that is material in relation to any transaction or Contract effected, or advice provided by Saxo Bank, under the Terms. By accepting the Terms and Saxo Bank's Conflict of Interest Policy (which distinctly describes the general character and/or background of any conflict of interest) the Client agrees that Saxo Bank may transact such business without prior reference to any potential specific conflict of interest.

19. SAXO BANK'S COUNTERPARTIES

19.1 In order to give effect to the Client's instructions, Saxo Bank may instruct a Counterparty selected at Saxo Bank's discretion and Saxo Bank shall do so where the transaction is to be subject to the rules of an exchange or market of which Saxo Bank is not a member.

19.2 Saxo Bank shall not be responsible for errors committed by such Counterparties unless it is proven that Saxo Bank has not acted with sufficient care when selecting the Counterparty.

20. INTRODUCING BROKERS

20.1 The Client may have been referred to Saxo Bank by an Introducing Broker. If so, Saxo Bank shall not be responsible for any agreement made between the Client and the Client's Introducing Broker. The Client acknowledges that any such Introducing Broker will either be acting as an independent intermediary or an Agent for the Client and that no such Introducing Broker shall be authorised to make any representations concerning Saxo Bank or Saxo Bank's Services.

20.2 The Client is specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs as Saxo Bank may pay fees or commission to such person.

20.3 The Client is also specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs for the client because the Introducing Broker can deduct commissions and fees as well as price or interest/financing rate adjustments for any trade conducted on or allocated to the Client's account either by the Introducing Broker or the Client.

20.4 If the Introducing Broker undertakes any deductions from the Client's Trading Account according to any agreement between the Client and the Introducing Broker, Saxo Bank has no responsibility as to the existence or validity of such an agreement.

20.5 Saxo Bank shall have no responsibility or liability to the Client in following the instructions given by the Introducing Broker. Saxo Bank is under no obligation to supervise or otherwise know or review the payment instructions or any other acts, including but not limited to the trading, of the Introducing Broker.

20.6 The client acknowledges and accepts that frequent transactions may result in a sum total of commissions, fees, price or interest/financing rate adjustments for trades conducted that may be substantial and not necessarily be offset by the net profits, if any, achieved from the relevant trades. The responsibility for correctly assessing whether the size of the total commissions, fees, price or interest/financing rate adjustments for trades conducted paid from the Client's account makes trading commercially viable, is the combined responsibility of the Client and the Introducing Broker. Saxo Bank

only acts as the custodian and principal broker, and therefore is not responsible for the size of the commissions and fees as well as price or interest rate paid by the Client.

20.7 Any commissions, fees, price or interest/financing rate adjustments for trades conducted may be shared between the Introducing Broker, Saxo Bank and third parties according to the Introducing Broker's written instructions and/or at Saxo Bank's discretion.

21. DEFAULT AND DEFAULT REMEDIES

21.1 The provisions contained in this Clause supplement any other rights that Saxo Bank or any of its associates have according to the Terms, including but not limited to the Pledge Agreement referred to in Clause 14, and furthermore any other rights Saxo Bank has according to Danish law.

21.2 Saxo Bank reserves the right to retain, or make deductions from, any amounts which Saxo Bank owes to or is holding for the Client if any amounts are due from the Client to Saxo Bank or Saxo Bank's associates.

21.3 The Client authorises Saxo Bank, at Saxo Bank's discretion, at any time and without notice, to sell, apply, set-off and/or charge in any manner any or all of the Client's property and/or the proceeds of any of the same of which Saxo Bank or any of its associates or Agents has custody or control, in order to discharge any or all of the Client's obligations to Saxo Bank or to Saxo Bank's associates.

vi if a petition is presented for the winding-up or administration of the Client;

vii if an order is made or a resolution is passed for the winding-up or administration of the Client (other than for the purposes of amalgamation or reconstruction with the prior written approval of Saxo Bank);

viii if any distress, execution or other process is levied against any property of the Client and is not removed, discharged or paid within seven days;

ix if any security created by any mortgage or charge becomes enforceable against the Client and the mortgagee or chargee takes steps to enforce the security or charge;

x if any indebtedness of the Client or any of its subsidiaries becomes immediately due and payable, or capable of being declared so due and payable, prior to its stated maturity by reason of default of the Client (or any of its subsidiaries) or the Client (or any of its subsidiaries) fails to discharge any indebtedness on its due date;

xi if the Client fails to fully comply with obligations under the Terms or any Contract, including refrains from complying with Margin requirements;

xii if any of the representations or warranties given by the Client are, or become, untrue;

xiii if Saxo Bank or the Client is requested to close a Contract (or any part of a Contract) by any regulatory agency or authority; or

xiv if Saxo Bank reasonably considers it necessary for its own protection or the protection of its associates.

21.5 Upon the occurrence of an Event of Default, Saxo Bank shall at its discretion be entitled to:

- i sell or charge in any way any or all of the Client's collateral, assets and property which may from time to time be in the possession or control of Saxo Bank or any of its associates or Agents or call on any guarantee, without any notice or court order. Sale of Security, assets and property shall take place by means that Saxo Bank in its reasonable discretion determines and at the price that Saxo Bank in its reasonable discretion determines to be the best obtainable, provided that Saxo Bank shall provide a 7-day notice period before realising Security of any Client who is not comprised by part 18a of the Danish Securities Trading Act, unless immediate sale is necessary to avoid or limit a loss;
- ii buy or sell any Security, investment or other property where this is, or is in the reasonable opinion of Saxo Bank likely to be, necessary in order for Saxo Bank to fulfill its obligations under any Contract and the Client shall reimburse Saxo Bank for the full amount of the purchase price plus any associated costs and expenses;

- vii close-out all Contracts and net all the Client's and Saxo Bank's obligations towards each other as of the date fixed by Saxo Bank with effect to third parties.

- 21.6 The Client authorises Saxo Bank to take any or all of the steps described in this Clause without notice to the Client and acknowledges that Saxo Bank shall not be responsible for any consequences of it taking any such steps, unless Saxo Bank has exercised gross negligence in connection herewith. The Client shall execute the documents and take the action as Saxo Bank may request in order to protect the rights of Saxo Bank and its associates under the Terms or under any agreement the Client may have entered into with Saxo Bank's associates.
- 21.7 If Saxo Bank exercises its rights to sell any Security or property of the Client under this Clause, it will effect such sale, without notice or liability to the Client, on behalf of the Client and apply the proceeds of sale in or towards discharge of any of the Client's obligations to Saxo Bank or to Saxo Bank's associates.
- 21.8 Without prejudice to Saxo Bank's other rights under the Terms or under prevailing law, Saxo Bank may, at any time and without notice, combine or consolidate any of the accounts maintained by the Client with Saxo Bank or any of its associates and off-set any and all amounts owed to, or by, Saxo Bank or any of its associates in such manner as Saxo Bank at its reasonable discretion may determine.

22. CLIENT WARRANTIES & REPRESENTATIONS

 - i it is not under any legal disability with respect to, and is not subject to any law or regulation which prevents its performance according to the Terms or any Contract or transaction contemplated by the Terms;
 - ii it has obtained all necessary consents and has the authority to operate according to the Terms (and if the Client is not an individual person, that it is properly empowered and has obtained necessary corporate or other authority pursuant to its constitutional and organisational documents);

23. INDEMNITY AND LIMITATIONS OF LIABILITY

23.1 The Client is obliged to compensate Saxo Bank for all losses, taxes, expenses, costs and liabilities whatsoever (present, future, contingent or otherwise and including reasonable legal fees) which may be suffered or incurred by Saxo Bank as a result of or in connection with:

- i the Client's breach of the Terms;
- ii Saxo Bank entering into any transaction or Contract; or
- iii Saxo Bank taking any of the steps which Saxo Bank is entitled to take in an Event of Default;

23.2 This right to compensation shall survive any termination of the Client relationship.

23.3 Without prejudice to Clause 7 Saxo Bank shall not be liable for:

23.4 Especially, the Client acknowledges, recognizes and accepts that any market recommendation and any information communicated by Saxo Bank does not constitute an offer to buy or sell or the solicitation of an offer to buy or sell a Contract and that such recommendation and information, although based upon information from sources believed by Saxo Bank to be reliable, may be based solely on a broker's opinion and that such information may be incomplete and may be unverified and unverifiable. Saxo Bank makes no representation, warranty or guarantee as to, and shall not be responsible for, the accuracy or completeness of any information or trading recommendation furnished to the Client.

24. CONFIDENTIALITY AND SAXO BANK'S DISCLOSURE OF INFORMATION

24.1 Neither party shall disclose any information relating to the business, investments, finances or other matters of a confidential nature of the other party of which it may in the course of its duties or obtain possession of, and each party shall use all reasonable endeavours to prevent any such disclosure. However, this shall not apply if a party is obliged hereto due to prevailing legislation, or to a legislative or supervising authority, or to another person who according to the law is entitled to demand disclosure, or in order to enable the party sufficiently to fulfill its obligations pursuant to these Terms.

24.2 By accepting the Terms the Client authorises Saxo Bank to disclose such information relating to the Client as may be required by any law, rule or regulatory authority, including any applicable Market Rules, without prior notice to the Client. gations under the Terms where such failure, hindrance or delay arises directly or indirectly from circumstances beyond its reasonable control. - 31.3 If the Client's combined exposure in one or more margin trades reaches a level which - in case of an adverse market development - may lead to a significant deficit not covered by the Client's deposits and/or margin with Saxo Bank, the Bank may in its reasonable discretion (i) increase the margin requirements and/or (ii) reduce the Client's exposure by closing one or more or all of the client's open positions.
- 31.4 Furthermore, Saxo Bank is entitled in its reasonable opinion to determine that an emergency or an exceptional market condition has occurred. Such conditions shall include, but are not limited to, the suspension or closure of any market or the abandonment or failure of any event to which Saxo Bank relates its quote or the occurrence of an excessive movement in the level of any Margin Trade and/or underlying market or Saxo Bank's reasonable anticipation of the occurrence of such a movement. In such cases Saxo Bank may increase its margin requirements, reduce the Client's exposure, close any or all of the Client's open Margin Trades and/or suspend trading.
- 31.5 The Client may not assign its rights or delegate any of the Client's obligations under the Terms or according to any Contract to others whereas Saxo Bank may assign its rights or delegate its obligations to any regulated financial institution.

- i such business terms made available to Clients shall constitute an addition to the Terms; and

Transactions undertaken by the Client notwithstanding above, shall be deemed as had this sub-clause indeed been complied with.

- 31.7 The rights and remedies contained in the Terms are cumulative and not exclusive of any rights or remedies provided by law.
- 31.8 No delay or omission on the part of Saxo Bank in exercising any right, power or remedy provided by law or under the Terms, or partial or defective exercise thereof, shall:
- i impair or prevent further or other exercise of such right, power or remedy; or
 - ii operate as a waiver of such right, power or remedy.
- 31.9 No waiver of pleading a default of a clause in the Terms shall (unless expressly agreed in writing by the waiving party) be construed as a waiver of a future breach of the same clause or as authorising a continuation of the particular breach.
- 31.10 The Client hereby ratifies all transactions with Saxo Bank effected prior to the Client's acceptance of the Terms and agrees that the rights and obligations of the Client in respect thereto shall be governed by the Terms.

31.11 By accepting the Terms on behalf of a corporation or other legal entity, the person signing represents and warrants that he/she is authorised to act on behalf of such corporation or legal entity and to bind the same to the Terms and all obligations arising hereunder. If at a later stage it becomes apparent that the signatory was not duly authorised to bind the corporation or legal entity, Saxo Bank will have the right to seek restitution from this person. Furthermore, the signatory shall indemnify Saxo Bank against all liabilities, losses, damages, costs and expenses in relation to any claims or actions brought against Saxo Bank as a result of the signatory holding out to be authorised to act and bind any such corporation or legal entity.

31.12 Client shall be able to communicate with Saxo Bank in Danish, English or any other language as Saxo Bank may offer from time to time. Saxo Bank may communicate with the Client in Danish or English or any other language agreed between the parties.

31.13 Saxo Bank or third parties may have provided the Client with translations of the Terms. The original Danish and English versions shall be the only legally binding versions for the Client and Saxo Bank. In case of discrepancies between the original Danish or English version and other translations in the Client's possession, the original Danish or English version provided by Saxo Bank on www.saxobank.com shall prevail.

31.14 The Client accepts that Saxo Bank may be closed on significant European holidays.

RISK DISCLOSURE STATEMENT FOR TRADES IN FOREIGN EXCHANGE AND DERIVATIVES (INCLUDING CFD'S, FUTURES AND OPTIONS)

This brief statement, which constitutes an addition to the Terms, does not disclose all of the risks and other significant aspects of trading foreign exchange and derivatives. In consideration of the risks, you should enter into transactions with the mentioned products only if you understand the nature of the contracts and the contractual legal relationship into which you are entering and the extent of your exposure to risk. Transactions in foreign exchange and derivatives are not suitable for many members of the public. You should carefully consider whether transacting is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

FOREIGN EXCHANGE AND DERIVATIVES

1 *Effect of "Leverage" or "Gearing"*

Transactions in foreign exchange and derivatives carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign exchange or derivatives contract so that transactions are "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with Saxo Bank to maintain your position. If the market moves against your position and/or margin requirements are increased, you may be called upon to deposit additional funds on short notice to maintain your position. Failing to comply with a request for a deposit of additional funds, may result in closure of your position(s) by Saxo Bank on your behalf and you will be liable for any resulting loss or deficit.

2 *Risk-reducing Orders or Strategies*

The placing of certain orders (e.g. "stop-loss" orders, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be adequate given that markets conditions make it impossible to execute such orders, e.g. due to illiquidity in the market. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.

OPTIONS

3 *Variable Degree of Risk*

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e., put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs. The purchaser of options may offset or exercise the options or allow the option to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased option is out-of-the-money when it expires, you will suffer a total loss of your investment, which will consist of the option premium plus transaction costs. If you are contemplating purchasing out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavourably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associ-

ated liabilities for margin (see the section on Futures above). If the option is "covered" by the seller holding a corresponding position in the underlying asset, in a future or in another option, the risk may be reduced. In case the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

ADDITIONAL RISKS COMMON TO FOREIGN EXCHANGE AND DERIVATIVE TRANSACTIONS

4 *Terms and Conditions of Contracts*

You should ask the firm with which you deal about the terms and conditions of the Contracts entered into and information on associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

5 *Suspension or Restriction of Trading and Pricing Relationships*

Market condition (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or close/ offset positions. If you have sold options, this may increase the risk of loss.

Normal pricing relationships between the underlying asset and a derivative do not always exist. The absence of an underlying reference price may make it difficult to judge "fair" value.

6 *Deposited Cash and Property*

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

7 *Commission and Other Charges*

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit or loss.

8 *Transactions In Other Jurisdictions*

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

9 *Currency Risks*

The profit or loss in transactions in foreign currency-denominated contracts in another currency than your account currency will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to the account currency.

10 *Trading Facilities*

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary:

you should ask the firm with which you deal for details in this respect.

11 *Electronic Trading*

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfillment of the margin requirements.

12 *Off-Exchange Transactions*

In some jurisdictions firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterpart to the transaction. It may be difficult or impossible to liq-

uidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.
